FOR IMMEDIATE RELEASE

CTE students to begin stem cell research, will Skype with director of Tulane Center

Professor and Director of the Tulane Center for Stem Cell Research and Regenerative Medicine, Dr. Bruce Bunnell, will hold a Skype video conference with Career and Technical Education students and teachers on Friday, September 6.

CTE health sciences students will be working on a research collaboration, Project STEM Cell™ with Tulane researchers. This collaboration is in partnership with the ECISD Innovation Department's program PICK Education, which brings real-world experiences to the classroom. This project will give students the opportunity to contribute data for stem cell growth, cell differentiation and cell communication with bioengineering, tissue engineering and tissue staining components. Thousands of people benefit from stem cell research as new treatments are developed.

Friday, September 6
New Tech Odessa
300 E. 29th St., Odessa
Room D-20
10:00AM to 10:45AM

For more information about this release, contact the ECISD Innovation Department at 432-456-9507.
